ENRICHING LIVES

October is Islamic Heritage Month

This is a time to reflect and learn together about Islamic excellence and the rich, longstanding contributions Muslim People have made to literature, math, science, art and history both around the world and right here in Canada.

ReACH OuT

Recently, the provincial government announced a new Feeding Futures School Program Fund, designed to assist schools in the development and enhancement of school meal programs and other nutritional supports for students. If you would like to request support for your child at school, please reach out to Ms Schulz (lschulz@sd38.bc.ca). We are gathering information and looking to provide ongoing support wherever possible. Implementation plans are underway, and we want to ensure families are aware, and as always, able to reach out if they require support. All requests will be treated with dignity and your privacy will be respected. We want to work with families to ensure that your children have everything they need in order to be successful at school. Please do not hesitate to reach out if we can help.
